Note:

Successful applicants who have a foreign degree have to present their degree certificate (original or authenticated copy) with the examinations passed and the scores obtained, translated into Italian and authenticated by an Italian consulate, embassy or diplomatic representative in the country of the university that issued the degree together with the respective declaration of value ("Dichiarazione di valore") **not later than the deadline for enrolment** for the PhD Research Programme. The declaration of value is issued by the Italian consulate or embassy abroad and confirms that the qualification obtained by the candidate would grant him/her entry to a similar university course in the country in which the qualifications were achieved. The declaration must be applied for as soon as possible since it can often require long processing times. A translation is not necessary if the qualifications were obtained in a German-speaking country.

If a candidate has a university degree recognised in Italy, candidates only have to present the recognition decree.
