### 2) Indicators Part I:

Please refer to the **Group A - Indicators relating to didactics and the Group B - Indicators related to Internationalization DM 987/2016, Annex E** of the file *Scheda del Corso di Studio – October 2021*.

#### Summary comment on the Indicators and analysis of any critical issues

##### Corrective Actions

*Each Degree Course is free to comment on the indicators of its choice, but it is important that the course recognizes and comments on the most significant ones, detecting the successful ones and identifying any critical issues.*

*It is advisable to compare the data, firstly, to the geographical area average and the national average: In case of particular issues and divergences, it is advisable to comment them.*

*For critical indicators, the Degree course is called upon to investigate possible causes and to propose corrective actions, defining objectives, actions to be taken, the person in charge, its duration... etc. Corrective Actions with few connections to the critical issue must be avoided, as well as too generic, unrealistic proposals, or actions dependent on or of governance of other bodies.*

##### Action n.:

##### Title:

##### Reference year:

**Responsible:** *(where possible, it is suggested to identify a single person and not a group e.g., course council, course lecturers)*

##### Duration:

**Status:** *(Planned - Executed - Non-executed - In progress)*

##### Description:

**Additional actions foreseen:** *(If the corrective action has not been executed or completed)*

### 3) Indicators Part II:
